

## Certificate of Authority

This is to formally certify that the **Canadian National Robotic Society (CNRS)** is recognized as the authorized partner of **ENJOY AI** and is authorized to use ENJOY AI branding to hold activities in Canada, including competitions, educational programs, and related events.

In recognition of their commitment to fostering excellence in robotics and coding education, CNRS is empowered to:

1. Organize and conduct ENJOY AI competitions and educational activities in Canada under the ENJOY AI name and branding.
2. Ensure that all competitions adhere to ENJOY AI rules, standards, and best practices, reflecting the integrity and vision of the global program.
3. Collaborate with schools, institutions, and local organizations to advance innovation, critical thinking, and technical skills among students.
4. Select and send Canadian teams to participate in ENJOY AI international competitions and the ENJOY AI Global Final, promoting global collaboration and cultural exchange.

This certificate is issued as official confirmation of CNRS's authority to hold and manage ENJOY AI activities in Canada, and acknowledges their vital role in expanding ENJOY AI's mission and educational impact.
